

TCM Forklift Parts

TCM Forklift Part - In the international business of material handling, lift trucks play an important role for transporting industrial goods. First innovated as industrial vehicles in the 1930s in America, lift trucks gained popularity after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread worldwide.

In nineteen forty nine, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply called TCM Corporation. Throughout the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started constructing lift truck manufacturing sites outside of Japan during the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With more than fifty years of accumulated expertise and technology, TCM has been proudly manufacturing various models of industrial forklifts, making their models known all over the globe. With an energetic and strong staff, TCM has been able to continually work towards becoming a future leading material handling company.
